## Reseller contract principles

- You contact us to apply for becoming reseller (company POPESCO, [sales@popesco.com](mailto:sales@popesco.com)). We call you back to validate your application. You send us an ID or company registration certificate and a proof/certificate of physical address.
- You receive by post the contract and 10 scratch cards which are identified via their serial numbers. You return to us the order form which serves as contract.
- You resell cards to your customers (YOU cash in the price of cards sold) who use the Popcode to register on the site (instead of the normal Card payment).
- Around once a Month, we check the subscriptions based on your Popcodes and our company invoices you a part of your revenue (40€ for a 1 year card sold and 5€ for a 1 month card sold).
- You pay us (Credit card, bank transfer, Paypal...) and you keep the difference.
